

## Individual / Family Memberships

At Tinker's Creek Watershed Partners (TCWP), our mission is to protect and restore water quality and habitats of our home watershed through partnerships within the communities we serve. This could not be possible without the support of our members.

### How Can I Help?

Support from individuals, businesses and communities allow TCWP to fulfill our mission and goals in the Tinker's Creek and Brandywine Creek Watersheds. Your contribution allows us to host stewardship events, educate our local decision makers, and provide extensive opportunities for volunteerism including:

- Rain barrel workshops
- Stream clean-ups
- Tree plantings

...and so much more! Last year we planted dozens of trees, removed hundreds of pounds of invasive vegetation, and slowed down thousands of gallons of stormwater.
