Foraged and Invasives Dinner at Forest City Brewery Tuesday, May 24, 2022

Foraged and Invasives Dinner

The Foraged and Invasives Dinner is a TCWP showcase event that will attract food enthusiasts, environmentalists, and those that want to learn more about foraging and invasive species in our area.

The event will take place in the Waldorf Hall at Forest City Brewery in Cleveland, Ohio. Waldorf Hall is adjacent to Forest City Brewery's tasting room and Ohio's oldest beer garden. Anticipated event numbers are 60-80 people with food provided by Driftwood Catering. The event starts at 6:00 pm with passed hors d'oeuvres and live music. At 7:00 pm, interactive food stations will be arranged in the private event space.

All dishes include a selection of locally foraged and invasive species ingredients. TCWP staff will be on hand to talk more in-depth about locally foraged species, where to find them, their uses, and how to recognize them.

Each \$100 dinner ticket includes two drink tickets (beer, wine, or soft drinks), live music, hors d'oeuvres, food stations, access to a photo booth, and three raffle tickets (donated baskets and native plant centerpieces).

Your sponsorship will allow TCWP to continue to:

- Restore streams and wetlands.
- Revitalize natural areas that support federally threatened and endangered species.
- Provide volunteer opportunities for the community including tree plantings, stream cleanups, invasive plant pulls, water quality monitoring and rain garden education and maintenance.
- Provide assistance and training opportunities for landowners and municipal workers on community stormwater programs and watershed management practices.

Sponsorship Form

To register for Sponsorship Opportunities, please visit:
